To: ALL ALCOHOL BEVERAGE LICENSEES

FROM: DONNA RUETTEN, Bureau Chief
Purchasing & Distribution

SUBJECT: RETAIL PRICE LIST CLASSIFICATION
EFFECTIVE FEBRUARY 1, 1987.

Attached is the Liquor Division's Retail Price List Classification to become effective February 1, 1987. This price list covers the months of February, March and April, 1987.

The category of products labeled "Specialty" will be made available on a limited basis. We cannot guarantee consistent availability from our warehouse, but these products can be ordered and purchased by the unit if the need arises.

Price increases or decreases are noted in the right hand column entitled "Status" with a "PC" which means price change. Also shown beside the "PC" is the plus (+) or minus (-) amount of price change. New listings and closeouts are marked as such and the price list is categorized both for distilled spirits and wine.

Closeouts and other miscellaneous information are to be found in the front pages of this booklet.

METRIC CONTAINER SIZES

The federal government requires that alcoholic beverages be bottled in metric sized containers. Metric conversion for wines was mandated to be completed by January 1, 1979; for distilled spirits by January 1, 1980. While there may be some old stock in non-metric sizes still in our system, most of our merchandise is now in metric bottles. The chart below indicates which sizes our code letters specifically designate.

DISTILLED SPIRITS

Montana Code Letter	Metric Size	No. Bottles Per Case	U.S. Fluid Ounces

STATE PRICING FORMULA

The following elements determine the retail prices of liquor and wines sold through the state stores.

1. The base case cost from distilleries, wineries, or importers selling to the Liquor Division;
2. Federal excise taxes on all liquor and wine, plus custom duty rates on any imported merchandise;
3. Freight costs covering both the cost of bringing merchandise into Helena from suppliers throughout the country, and distributing merchandise, in turn, from the Helena warehouse to all state stores.

The above elements represent the total base cost of all items over which the Liquor Division exercises no control.

4. Markup is established by the division. The current markup of forty percent on all distilled spirits has been in effect since 1974. Markup on table wine (16% by volume and under) and fortified wine varies according to case prices as follows: Case cost up to $17.99—60% markup, case cost $18.00 and over—40% markup.
5. State taxes are set by the legislature. On July 1, 1985, Sections 16-1-401, 16-1-404, and 16-1-411, MCA, were amended to read in part:

   16-1-401. Liquor excise tax. (1) The department is hereby authorized and directed to charge, receive, and collect at the time of sale and delivery of any liquor as authorized under any provision of the laws of the state of Montana an excise tax at the rate of: (a) 16% of the retail selling price on all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section; (b) 13.8% of the retail selling price on all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold not more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section.***"

   "16-1-404. License tax on liquor—amount—distribution of proceeds. (1) The department is hereby authorized and directed to charge, receive, and collect at the time of sale and delivery of any liquor under any provisions of the laws of the state of Montana a license tax of (a) 10% of the retail selling price of all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section; (b) 8.6% of the retail selling price on all liquor sold and delivered in the state by a company that manufactured, distilled, rectified, bottled, or processed, and sold not more than 200,000 proof gallons of liquor nationwide in the calendar year preceding imposition of the tax pursuant to this section.****"

   "16-1-411. Tax on wine. (1) A tax of 27 cents per liter is hereby levied and imposed on table wine imported by any table wine distributor or the department."
